

# Electrical Adhesive Tapes

## Ordering Information

### Width and minimum quantities

#### a) Minimum quantity for all materials per width: except Kapton® 1 small box (SB)

Standard width in mm	6	9	12	15	19	25	38	50
<b>all materials except Kapton®:</b> Rolls per small box (SB)	48	32	24	20	16	12	8	6

Standard length: 50 or 66 m.

The numbers of rolls per small box (SB) can be calculated as follows:

Total roll width = ca. 300 mm corresponds to the volume of a small box Example:

Width of one single roll = 15 mm

$$\text{Number of rolls per small box (SB)} = \frac{300}{15} = 20$$

1 packing unit consists of 8 small boxes (SB).

#### Minimum Quantity Kapton®:

Kapton tapes can be delivered in smaller quantities from factory stock. Please ask us!

#### Exception:

The following tapes can be delivered as single roll from stock Zollikerberg
