TECHNICAL TAPES

Winding Tapes.

KARL SCHUPP AG

CONDUCT – PROTECT – INSULATE

The cotton tape has high tear resistance and is therefore well suited for winding heads of larger motors.

Coil winding Cotton tapes

Specifications

Material:
100 % cotton

Temperature Class:
E (120°C) with tracer thread

Finish:
calendered

Weave:
L 1/1

Thickness:
0.22 to 0.25 mm

Warp:
approx. 25 threads per cm

Weft width :
10 wefts per cm

Packaging:
100 m roll Core inner diameter of the roll 20 mm
